PN# 32352 - 8"x 12"x 3"  
PN# 32353 - 8"x 14"x 3"

**Crafcro PolyPatch** has been specifically designed for cracks too large for crack sealing and distressed surfaces that are too small for re-paving. PolyPatch will seal distresses and remains flexible. It is a versatile hot-applied, pourable, self-adhesive polymer modified asphalt binder containing selected aggregate to ensure good load bearing and skid resistant characteristics. Available in several grades for various applications. PolyPatch is effectively used to level high manhole risers, bridge deck approaches, elevation discrepancies, utility cuts and more. PolyPatch is a lightweight homogeneous blended product packaged in three gallon boxes.

**Crafcro Mastic One** is designed for large cracks and distressed surface areas too small for re-paving. Ideally used to fill distresses. It is a versatile hot-applied, pourable, self-adhesive ridged asphalt binder containing selected aggregate to ensure good load bearing and skid resistant characteristics. Mastic One is compounded with standard weight aggregate. Packaged in 40 lb boxes.

- 100% density with no compaction
- Flexible
- Waterproof
- Adheres to AC and PCCP Pavement

Mill, fill and seal with PolyPatch

Fill with Mastic One

2"+  
Crack Width
